1. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests a method for manufacturing a semiconductor integrated circuit device including a memory cell of an SRAM having a first p-channel MISFET and a first n-channel MISFET, and a peripheral circuit having a second p-channel MISFET and a second n-channel MISFET, comprising: selectively introducing a third impurity into first p-channel MISFET forming region by using a mask covering second p-channel MISFET forming region for controlling a threshold voltage such that a threshold voltage of first p-channel MISFET is higher than a threshold voltage of second p-channel MISFET.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
